

## COLES 4038 RIBBON MICROPHONE CONNECTOR/STAND ADAPTERS

- 92-391 COLES 4038 MICROPHONE Ribbon
- 92-396 COLES 4038 MICROPHONE Ribbon, matched pair

The Coles 4038 ribbon microphone is produced with a 4069 connector as was used on the vintage Western Electric A 630A or STC 4021 'Apple and Biscuit' microphones. The 4069 connector is illustrated below:

The Coles 4038 microphone is supplied with a 4069 to XLR male adapter as per the listed spare part:

- 92-397 COLES 4069 XLR ADAPTER For 4038 microphone (as illustrated below)

## COLES 4038 RIBBON MICROPHONE CONNECTOR/STAND ADAPTERS

The following are stand adapters that have a 4069 connector that would be inserted into the microphone and the other end has a 3/8" stand thread on its end, (and also at right angles to it's side on the 4072 only), to connect to a mic stand.

The adapters have a short cable that exits the adapter and terminates with a 3 pin XLR Male connector

92-395 COLES 4071 STAND ADAPTER With XLR, for 4038

92-367 COLES 4072 STAND ADAPTER With XLR, anti-vibration, for 4038
